# T5/T8 LED TUBE STRUCTURE DIAGRAM

## LED LIGHTING MANUFACTURER & PARTNER

10<sup>+</sup> years

**85-265V** Input Voltage  
**50-60Hz** Frequency  
**CRt-80Ra/90Ra** CRI  
**PF>0.9** PF

 Internal driver  
 Single/Double end power supply  
 Ring Color Optional  
 Milky/Clear cover

## COMPANY PROFILE

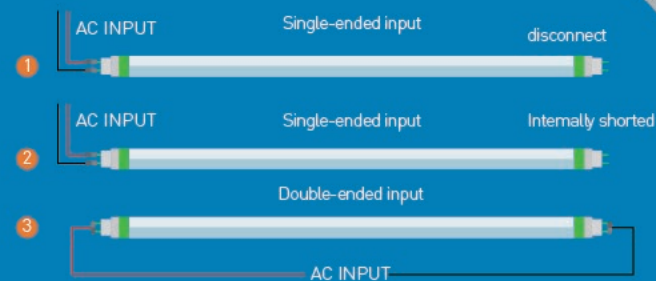

In the past 20 years, the energy problem has become a crisis facing all Human beings. Energy conservation and environmental protection have become the theme. WISCOON was born under this background. More than 10 years, we're fighting for energy-saving and environmental protection LED lighting products for the whole world.

We regard every product as a work of art to produce, experienced engineer team and mature production lines, strict quality control process and implement 7S standard to finish efficient and high-quality completion of every product.

WISCOON have passed CE, RoHS, TUV, ETL and DLC approved. Our LED lighting products have a great reputation globally and our advantages are our unique design and extensive product range. more than 250,000 sets of monthly shipments and you can find Wiscoon's products in Europe, United States, Japan, Africa, Middle East and many more locations around the world.

Join us, Starting from LED lighting to make the world GREEN!

Different wiring tube can be produced if needed. To be installed only by professionally trained staff

# STANDARD LED TUBE LIGHT

**SAMSUNG / EPISTAR / SANAN SMD2835 LM80**

SMD2835 LM80 LED with CRI>80Ra/90Ra, High brightness with low light decay, Lifetime more than 50000hours.

160lm/w - 180lm/w  
110lm/w - 130lm/w

- Rubycon
- EMC
- 2500v High Voltage Resistance
- Overvoltage Protection
- Overtemp Protection
- Overcurrent Protection

## 2500V HIGH VOLTAGE RESISTANCE MULTIPLE PROTECTION DRIVER

More than 8,000,000 PCS quality witness, overvoltage/overcurrent/overtemp protection Rubycon capacitor makes LED tube more stable and reliable, lifetime reach 50,000+ hours.

# FLICKER FREE LED TUBE LIGHT

Widely used in school, library, media room, laboratory and office, CRI>90Ra, Can ease eye strain and protect our eyes friendly.

- Rubycon
- EMC
- 2500v High Voltage Resistance
- Flicker Free
- Overvoltage Protection
- Overtemp Protection
- Overcurrent Protection
- Visual Protection

## FLICKER FREE CONSTANT CURRENT DRIVER

More than 2,000,000 PCS quality witness, overvoltage/overcurrent/overtemp protection Flicker Free on camera = Green eyes protection.

# JAPANESE HIGH REFLECTIVE INK

PCB Japanese high reflective ink, Copper thick 35MIL, Thermal Conductivity 1.0, the cost is 30% higher than the common market PCB.
